Hi Andreas and team,

I know that this mail is long overdue, but none the less I want to take this opportunity to thank you guys for the fantastic piece of furniture that was delivered and installed in my house.

I have designed a Bar based on my needs and specs that would suit my house, and from day one – you have exceeded my expectations!

I was particularly impressed by:

- Your workmanship and professionalism
- Ease of doing business with you and your ability to be flexible to meet my specific customised need
- The installation of the piece of furniture
- The finished product (who still today amaze everyone that visits me)!

Thanks so much! **I will most definitely do business with Reclaimed Woods again** and advise anyone to do the same!

Thanks and Regards,

Ticino Lorenzen
