Hi Andreas,

Firstly, my sincere thanks for an absolutely amazing job, from start to finish. The bar itself far exceeds our expectation and everyone who has seen it is blown away! The service we have had from the onset has been superb and goes way beyond anything we have experienced in Cape Town.

Secondly, the actual measurement for the mirror space is 440mm(w) X 1230mm(L) You will need to allow a mm or 2 as spacing I presume?

Thirdly, I paid the balance owing into your account this morning. Trust all is in order.

Once again, many thanks - greatly appreciated.

Warm regards

Neil Waller
